Girbau UK Helps New Laundry Business Go From Strength to Strength

12 January 2008 – Tidy Time, a cleaning, ironing and laundry business based in Bedfordshire recently opened its doors with the help of Girbau UK, the world-leading manufacturer of commercial and industrial laundry equipment. Girbau UK provided Tidy Time's new venture with one of its state-of-the-art washing machines and dryer.

Starting life as a cleaning company six years ago, Tidy Time's expansion has culminated in their new shop in the village of Arlesey, where customers can drop off their washing for professional laundering and collect it at their convenience. The shop has installed Girbau's latest HS6008 model washing machine, renowned for its energy efficiency and reliability, as well as its 9kg load capacity.

Jane Squizzoni, owner and founder of Tidy Time says: "I am absolutely thrilled with the performance of my new Girbau machines. With a hectic business and new shop to run, I need peace of mind that the equipment I use will run smoothly and not let me down. I've been really impressed by my Girbau HS6008 washer – it's very reliable, sturdy enough to take the constant use and the laundering quality is second to none. It's also energy efficient, which will allow me to offset rising electricity costs and help me keep my eye on the bottom line."

Girbau's high speed washing machines contain an extensive range of in-built programs which save water and enable washing on lower temperature cycles. Fabrics can be cleaned with low temperature detergents and without excessive water consumption. Girbau UK markets an extensive range of washers with capacities from 5 to 120kg and dryers with capacities up to 76kg, as well as a range of ironers, folders and stackers. The new Girbau 6 Series of washers, all of which are now covered by an extended guarantee scheme, are among the most energy efficient machines in their class. The HS-6008 is top-rated for energy efficiency of all the machines tested by US body Energy Star.

Tidy Time is a cleaning, ironing and laundry service based in Arlesley, Bedfordshire.
